1. About this app

The **MMM Booking App** is an Android app for **MMM Social Workers and Associates**, a psychology and social work practice in Gauteng. Clients use it to book, view and cancel appointments. Practice staff use it to confirm bookings, manage the diary and see how the practice is doing.

Clients can

- Register and log in securely
- Book online or in-person sessions
- See only the times that are free
- Get a confirmation and a reminder
- Cancel free of charge up to 24 hours before

Practice staff (admin) can

- See every booking, updated live
- Confirm, decline, complete or delete bookings
- Record payment
- Set hours, breaks and leave
- View analytics and export a CSV file

Before you start

You need	Details
Phone or tablet	Android 7.0 or newer (API 24+). Works in portrait and landscape.
Internet	Needed to register, log in, book and cancel. Some screens you already opened still show offline.
Email address	A real address you can open. You must confirm it before you can log in.
Notifications	Allow notifications if you want booking confirmations and reminders.

Practice locations

In-person appointments take place at one of three clinics. Online appointments are held by video or call, so no location is needed. Each location has its own calendar, so a time booked at one clinic may still be free at another.

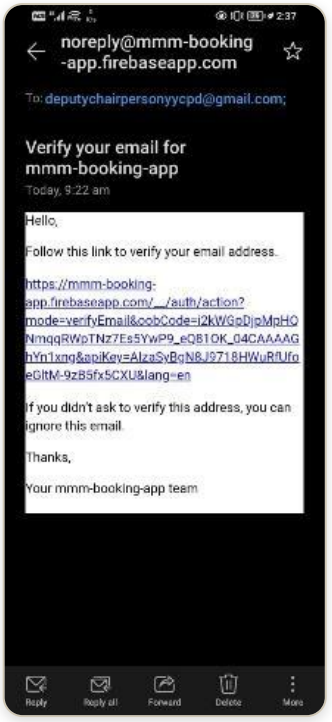

Location	Address
Midrand	Life Carstenhof Clinic, 21 Dane Rd, Glen Austin AH, Midrand, 1685
Johannesburg	19 Ameshoff Street, Braamfontein, Johannesburg, 2001
Centurion	162 Panorama Road, Rooihuiskraal, Centurion, 0154

2. Guide for clients

2.1 Create your account

1. Open the app and tap **New here? Register**.
2. Enter your full name, email, the same email again, phone number and password.
3. Tick the consent box. Tap **About**, **Privacy Policy** or **Terms and Conditions** in the sentence to read each one.
4. Optional: tick **Subscribe to news and updates**.
5. Tap **Submit**. Problems appear next to the field. The password rules turn red if your password is too weak.
6. A **Check your email** message names the address we sent a link to. Open that email and tap the link.

> **Important:** Cannot find the email? Look in **Spam or Junk**. If the app says it could not be sent, tap **Go to Login**, then **Resend Verification Email**.

The verification email

2.2 Log in

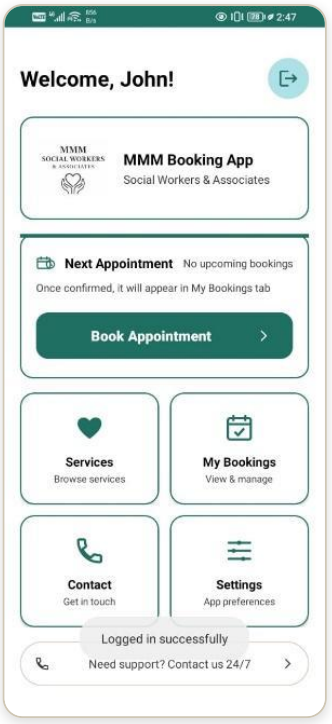

1. Enter your email and password and tap **Log In**.
2. A short **Logged in successfully** message appears while Home loads.
3. You stay logged in, even after closing the app. You are only logged out when you tap Logout yourself.

> **Tip:** Forgot your password? Tap **Forgot Password?** on the Login screen and follow the email we send.

2.3 The Home screen

Home is your starting point. It shows your name with a Logout icon, the practice card, a **Next Appointment** card with the **Book Appointment** button, and four cards: **Services**, **My Bookings**, **Contact** and **Settings**.

> **Note:** Pressing your phone back button on Home shows **Press back again to exit**. It does not log you out. Press again within two seconds to close the app.

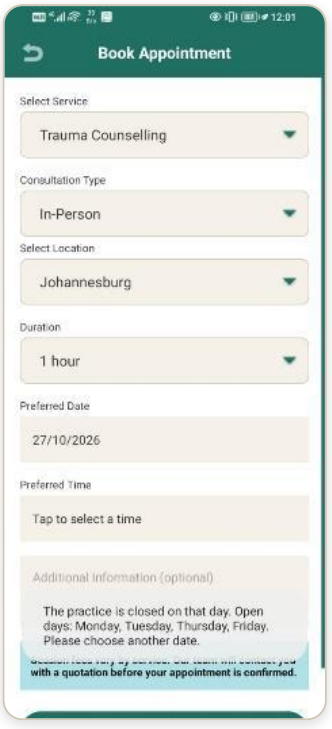

Home screen

2.4 Book an appointment

1. On Home, tap **Book Appointment**.
2. Choose a service, then **Online** or **In-Person**.
3. For In-Person, choose **Midrand**, **Johannesburg** or **Centurion**. The full street address appears under it.
4. Choose a duration and a date.
5. Tap the time field. Only **free start times** are listed. Pick one.
6. Add notes if you like and tap **Submit Booking Request**.

The practice will contact you with a fee quotation before it confirms your booking.

Booking form

If the app says…	It means…
The practice is closed that day	Pick one of the open days shown in the message.
Public holiday, or the practice is unavailable	Pick another date. The message gives the reason.
Appointments start on the quarter hour	Use :00, :15, :30 or :45.
Would finish after closing time	Start earlier or choose a shorter duration.

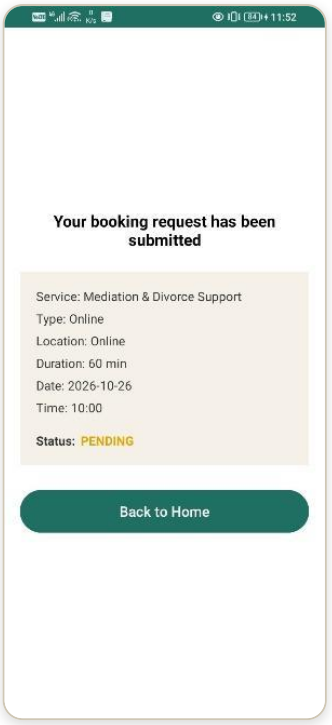

No free times	Try another date, a shorter session or a different clinic.

> **Tip:** If you change the date, duration or location after choosing a time, the time clears and you choose again, because free times depend on all three.

2.5 After you submit

A summary shows your booking with status **Pending**, the clinic address for in-person visits, and a **What happens next** card. Tap **View My Bookings** or **Back to Home**.

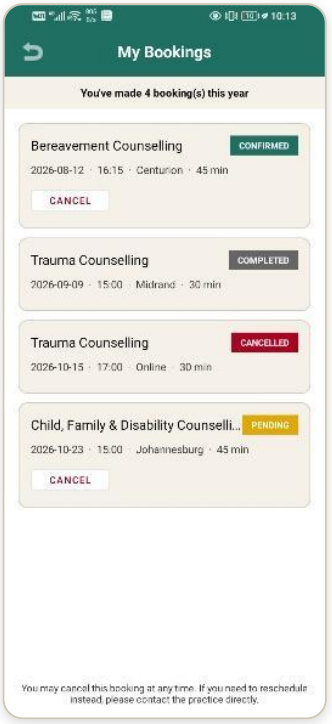

With **Booking Reminders** on (the default) you get an instant confirmation notification and a reminder the evening before.

Booking confirmation

2.6 Manage your bookings

- **My Bookings** lists every appointment and its status.
- Status updates live. If the practice confirms or declines while the screen is open, you see it without refreshing.
- To cancel more than **24 hours** before, tap **Cancel** and confirm. It is free and cannot be undone.
- Within 24 hours, cancelling in the app is closed. Phone or WhatsApp the practice from the Contact screen.
- To change a time, cancel with enough notice and book again.
- Cancelled bookings stay in your list as a record.

My Bookings

2.7 Cancellations, no-shows and fees

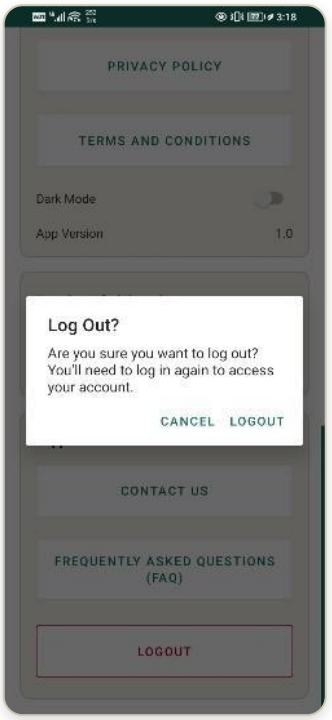

Topic	What to know
Cancellation	Free in the app up to 24 hours before. Later, contact the practice. A late-cancellation fee may apply.
No-show	If you do not attend and have not cancelled, the session may be charged in full.
Fees and payment	Fees depend on the service. The practice sends a quotation before confirming. Payment is arranged directly with the practice. The app does not take payments.
Acceptable use	Use your own account, give correct information and only book sessions you plan to keep.

Full wording: Settings, then Terms and Conditions.

2.8 Settings and logging out

Setting	What it does
Name and phone	Edit, then tap **Save Changes**.
Booking Reminders	Turns all booking notifications on or off. Switching off cancels reminders already scheduled; switching on schedules them again.
Dark Mode	Changes the look of the whole app.
Change Password	Asks for your current password first.
Change Email Address	Asks for your current password. A link goes to the new address and your login email only changes after you click it.
Delete My Account	Explains the process, then opens an email to the practice. The practice removes your account and data and confirms by email.

To log out: tap the Logout icon beside your name on Home, or **Logout** at the bottom of Settings. Tap **Log Out** to confirm or **Cancel** to stay logged in.

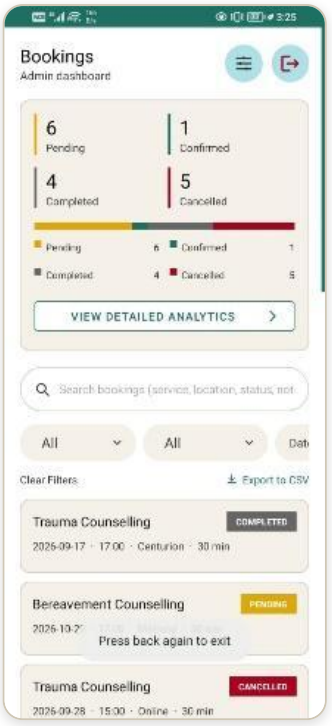

Logout confirmation

3. Guide for practice staff (admin)

> **Note:** Admin accounts are created by the practice in the Firebase Console. Nobody can become an admin from inside the app.

3.1 The Admin Dashboard

- Shows **all** client bookings, an overview card with status counts, a search box and filters.
- The list updates live. A new booking, or a change from another device, appears with no refresh.
- Search by service, location or notes. Search and the Status, Location and Date filters work together.
- Tap **Export CSV** to share the filtered list as a spreadsheet.

Admin Dashboard

3.2 Manage a booking

Tap a booking to open it, then choose an action.

Action	What it does
Confirm	Marks a pending booking as confirmed.
Decline	After you confirm, marks it cancelled and frees the time slot. The record is kept.
Mark as Completed	Marks a confirmed booking as completed.
Paid switch	Records whether the client has paid.
Delete Booking	After you confirm, permanently removes the record. This cannot be undone. Use Decline to keep a history.

3.3 Analytics

Tap **View Detailed Analytics** to see bookings created and new registrations for today, this week, this month and this year.

- Percentage change for each period
- Bar charts to compare periods
- A simple next-week estimate. It is a plain calculation, not artificial intelligence.

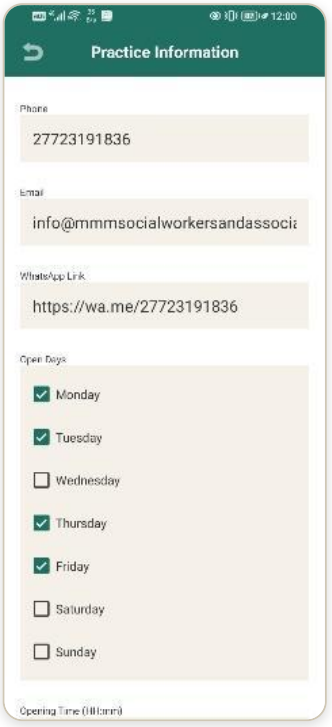

Analytics and trends

3.4 Practice information

Open **Settings, then Practice Information**.

- **Contact details:** phone, email, WhatsApp link, crisis-line note.
- **Open days:** tick the days you work. Clients can only book on ticked days. At least one is required.
- **Opening and closing time:** type as HH:mm, for example 08:00 and 18:00. Opening must be before closing.
- **Daily breaks: Add Break**, choose start and end. Must sit inside opening hours and not overlap another break.
- **Blocked dates and leave: Add Blocked Dates / Leave**, choose first and last date (same date twice for one day) and an optional reason.
- Tap **Save Changes**. Changes apply across the app immediately.

Practice Information

4. Tablets, offline use and troubleshooting

4.1 Using a tablet

- Content is centred with margins instead of stretched across the screen.
- Text is larger for comfortable reading.
- Portrait and landscape both work. Long screens scroll.
- All features are identical on phone and tablet.

4.2 Offline

Contact, Settings and bookings you opened before still show without internet. **Login, booking and cancelling need a connection.** A banner tells you when you are offline.

4.3 Troubleshooting

Problem	What to do
Cannot log in	Confirm your email first. The Login screen can resend the verification email.
Did not get the confirmation email	Check Spam or Junk and the spelling of your address, then tap **Resend Verification Email**.
You are offline message	Reconnect to the internet and try again.
Booking rejected on a weekday	It may be a public holiday or a date the practice has blocked. Choose another date.
Already booked by another client, or overlaps your booking	Choose a different time or a different location.
Registration failed	Nothing was created. Check your connection and try again.
No confirmation or reminder notification	Check Settings, Booking Reminders, and your phone notification permission for the app.
Cancellation closed	The appointment is under 24 hours away. Phone or WhatsApp the practice. A late fee may apply.
Pressed back and nothing happened	Expected on Home and the Admin Dashboard. Press back again within two seconds.
Forgot password	Tap Forgot Password? on the Login screen.
Think your email is compromised	While still logged in, go to Settings, then Change Email Address, and move to a safe address.
Lost both password and email access	This cannot be recovered automatically. Phone or WhatsApp the practice (shown on the Contact screen even when logged out).

5. Quick reference

Client checklist

1. Register and confirm your email
2. Log in
3. Book Appointment
4. Choose free time and submit
5. Wait for the practice to confirm
6. Cancel at least 24 hours ahead if needed

Admin checklist

1. Set open days, hours, breaks and leave
2. Open the Dashboard
3. Confirm or decline new bookings
4. Mark paid and completed
5. Check analytics and export CSV

Glossary

Term	Meaning
Pending	Submitted by the client, waiting for the practice.
Confirmed	Accepted by the practice.
Cancelled	Cancelled by the client or declined by the practice. The time is freed.
Completed	The session took place.
Paid	Marked by the practice when payment is received.
Online	A video or call session, no location needed.
In-Person	A session at Midrand, Johannesburg or Centurion.
